## REFLEXIVOS

- 1) We use reflexive pronouns when you do something to yourself.
- 2) There will be words that always are reflexive when you look them up. These often add a word with an emotion. *Examples: Alegrarse: To become/get happy. Enfadarse: To become/get mad.*

### REFLEXIVE PRONOUNS –

#### 1) Go in front of a conjugated verb

a. Me lavo el pelo = *I wash my hair.*

#### 2) Attached to the infinitive (when not conjugated). Must still match the subject.

a. Necesito lavarme el pelo = *I need to wash my hair.*

#### 3) Attach to (+) commands.

Note: Add accent 3 vowels back when attaching a pronoun on conjugated verb.

a. ¡Lávate el pelo! = *Wash your hair!* This is a example of a TÚ command.

#### 4) Can attach to progressive (-ing) or can go in from of the conjugated form of ESTAR.

Note: Add accent 3 vowels back when attaching a pronoun on conjugated verb.

a. Estoy lavándome el pelo. = *I am washing my hair.*

b. Me estoy lavando el pelo. = *I am washing my hair.*

Me (myself)	Nos - ourselves
Te (yourself)	Os - your all's selves
Se (him/herself)	Se - themselves

### Example:

Lavar = to wash

Lavarse = to wash (a body part on yourself)

### LAVAR

lavas	laváis
lava	lavan

### LAVARSE - do the same exact thing as above to conjugate. Just add the reflexive pronoun in front.

Me lavo	Nos lavamos
Te lavas	Os laváis
Se lava	Se lavan

## HOW TO EXPRESS LIKES

### GUSTAR = To please/like

This verb does not conjugate regularly, as you are not literally saying you like something. You are saying something *pleases you/is pleasing to you*.

SPANISH		ENGLISH	
Me gusta(n)	Nos gusta(n)	It/they please me	It/they please us
Te gusta(n)	Os gusta(n)	It/they please you	It/they please you all
Le gusta(n)	Les gusta(n)	It/they please him/her/you (formal)	It/they please them/you all (formal)

*Add the N when more than one thing is pleasing/the word after is plural.*

*To be more proper/gramatically correct: Add:*

A mi	A nosotros
A ti	A vosotros
A él/ella/usted	A ellos/ellas/ustedes

### Examples:

- Me gusta el queso = I like cheese (*literally the cheese pleases me*)

## INDIRECT OBJECT PRONOUNS

- Indirect Objects answer the question “To or for whom is the action performed?”
- Indirect Object Pronouns (IOP’s) replace Indirect Objects in the sentence.
- You have already worked with IOP’s when you learned GUSTAR.

<b>ME → to/for ME</b>	<b>NOS → to/for US</b>
<b>TE → to/for YOU (informal)</b>	<b>OS → to/for Y’ALL (you informal, plural)</b>
<b>LE → to/for HIM, HER, You (formal)</b>	<b>LES → to/for THEM, YOU (plural, formal)</b>

### Placement of pronouns in sentences:

- Rules for placement of IOP’s are the same as DOP’s.
- In a one verb sentence the pronoun must go before the verb.

EJEMPLO: Yo doy el dinero a María → Yo **le** doy el dinero

EJEMPLO: Marcos da los lápices a nosotros → Marcos **nos** da los lápices.

*Replace the Indirect Object with a pronoun and re-write the new sentence.*

EJEMPLO: Yo quiero pagar el dinero a Paco. → Yo **le** quiero pagar el dinero.

EJEMPLO: YO quiero pagar el dinero a Paco. → Yo quiero pagar**le** el dinero.

### IOP’s with Commands

EJEMPLO: Compra un helado para Pablo. → Cómprale un helado.

## DIRECT OBJECT PRONOUNS

- Direct Objects replace nouns

<b>ME → ME</b>	<b>NOS → US</b>
<b>TE → YOU (informal)</b>	<b>OS → Y'ALL (you informal, plural)</b>
<b>LO/LA → HIM, HER, YOUT (formal), IT</b>	<b>LES → THEM, YOU ALL (formal)</b>

EJEMPLO: Compra un helado para Pablo. → Cómpralo para Pablo.

EJEMPLO: Vende el coche a nosotros. → Véndelo a nosotros.

## WHEN YOU USE BOTH AN INDIRECT AND DIRECT OBJECT PRONOUN

We will use the same sentences from above for examples:

### Placement of pronouns in sentences:

- The IOP goes first
- When you have 2 pronouns that start with L: The LE/LES becomes SE

EJEMPLO: Yo doy el dinero a María → Yo selo doy (a ella).
